MC SERIES FORKLIFTS

COMPACT. TOUGH. SMART.

Let Us Do The Heavy Lifting

If your success depends on the efficient and effective lifting of heavy loads on any job site, then you can count on the complete line of Liftking forklifts to perform above and beyond the call of any construction project. Liftking has more than 50 years of expertise in designing, developing and manufacturing material handling equipment to withstand the toughest conditions.

Liftking's Newest MC Series

is compact and efficient, for when you don't need or want a full-size forklift. Easy maneuverability, great visibility, fuel efficient, and easy to transport are just some of the advantages of going small.

By using proven components and a simple yet effective design, the MC Series was conceptualized from the beginning to perform more with less.
